

PRELIMINARY PROGRAMME

POWER & ENERGY MASTERS

**17th International Symposium 'Energy and Process Plants'
and 12th International Forum on Renewable Energy Sources**

Petrčane, The Pinija Hotel & Zadar Congress Centre, 20 - 22 May 2026

Organizers:

ENERGETIKA MARKETING d.o.o.
association HESO

Media Coverage:

journal EGE
portal energetika-net.com

TUESDAY, 19 MAY 2026

INTRO DAY

17:00 - 19:00

- create your own showroom
(arranging of the co-organizers' exhibition spaces)

19:30

- warming up: a liquid welcome

8:00 - 9:00

WEDNESDAY, 20 MAY 2026

POWER DAY

- check in & catch up

(gathering and registration of participants)

9:00 - 10:30

1st Thematic Section MASTERS OF ENERGY

- topics:
 - actual state of the capital energy and power projects
 - energy, climate and low carbon strategies
 - energy transition in Croatia, Europe and the world
- lessons and experience for the energy and power industry of the future

10:30 - 11:00

coffee break

11:00 - 12:30

2nd Thematic Section UNDER THE HOOD OF POWER AND ENERGY INDUSTRY

- topics:
 - new technologies and solutions from the leading energy and power equipment manufacturers
 - environmental protection and energy and power plants
 - financing, design and build of the energy and process plants
- good practice examples and experience from management and control of energy and process plants

12:30 - 13:15

brunch / finger food break

13:15 - 14:30

3rd Thematic Section: ENERGY CHALLENGES

- topics:
 - integration of renewables in energy systems into energy and power systems
 - regulation and management of energy systems in new circumstances
 - new services and business opportunities on energy markets
 - further developments of energy systems and markets

20:00

- dinner
- socializing & party to remember

THURSDAY, 21 MAY 2026

ENERGY DAY

9:00 - 10:30

4th Thematic Section

HOW TO BE EFFICIENT?

• topics:

- legislative framework for energy efficiency and energy management
 - design and build in an energy efficient way
 - examples from the practice
 - possibilities for project financing

10:30 - 11:00

coffee break

11:00 - 12:30

5th Thematic Section

ENERGY FACELIFT FOR BUILDINGS

• topics:

- HVAC systems
- cogeneration and trigeneration
- solutions for district heating
- the most interesting implemented projects

12:30 - 13:15

brunch / finger food break

13:15 - 14:30

6th Thematic Section

BEHIND THE SCENES OF A SUCCESSFUL SYSTEM

• topics:

- new and modern technologies in energy and power industry (digitalization, AI, BIM, predictive maintenance, facility management)
 - water, fuel and lubricants
- maintenance, repair and services of energy and process plants
 - management, regulation and automatization

20:00

• dinner

- socializing & party to remember (our well known Power & Energy Pub Quiz)

FRIDAY, 22 MAY 2026

MASTERS DAY

INTERNATIONAL FORUM ON RENEWABLE ENERGY SOURCES

9:00 - 10:30

7th Thematic Section: A PUZZLE FOR RENEWABLES

topics:

- legislative framework, plans and strategies for renewables implementation
 - experience from other countries
- incentives for renewables implementation, market and project financing
- innovative solutions from the world leading equipment manufacturers

10:30 - 11:00

coffee break

11:00 - 12:30

8th Thematic Section THE FUTURE IS RENEWABLE

• topics:

- solar energy (solar thermal systems, PV plants, passive use)
 - wind energy and hydroenergy
- energy from biomass, biogas and waste
 - heat pumps and geothermal energy

12:30 - 13:15

brunch / finger food break

13:15 - 14:30

9th Thematic Section: NEW HORIZONS

• topics:

- smart grids
- energy storage technologies
- hydrogen use in energy and power industry, industries and transport
 - the most interesting implemented projects

• discussion

• final word from the Organiser

Remark:

The final Programme will be determined by the Organizer and Scientific-Technical Committee, on the basis of the received applications for presentation (titles and summaries of papers).

The Programme will be prepared no later than a week before the Conference.
